OUR STORY

With over 18 years of experience in the olive oil industry, our founder has worked with South Africa's two largest producers, where he managed factory operations, oversaw olive oil production, and ran day-to-day business activities. He also worked closely with farmers to understand olive cultivation from the ground up — ensuring the finest ingredients for exceptional olive oil. During his career, he contributed to winning multiple local and international awards. Michael founded The Olive Guy Company to source olives and olive oil from our own farm in Piketberg, as well as trusted farmers across the Western Cape, bridging the gap between producers and consumers throughout South Africa. Our journey began with a simple vision:

Support local. Deliver quality. Inspire trust.

We source premium oil in bulk from our own farm and reputable growers, then bottle and distribute it ourselves — maintaining the highest standards at every step.

OUR MISSION

We're here to:

- Provide authentic, high-quality EVOO at fair prices
- Support South African farmers and their communities
- Promote sustainable, transparent practices
- Build a community of passionate EVOO lovers
